3) Macphee's - 249 Coventry st, South Melbourne

Macphee's is a relatively new store dedicated to the wine enthusiast.. BUT before you move on hear me out! This shop is actually beautifully designed and the stock is very carefully selected. It stocks some of the most beautiful decanters, trays, wine racks, books and other high end home accessories. I rarely drink wine and even I found myself browsing the shelves with interest! Next time you're stuck gift-shopping for the men in your life (Dad, boyfriend, brother, husband?) remember Macphee's... you're sure to find something here.
